PROFESSIONAL SUMMARY

Frontend Developer with 2 years of experience building responsive web applications with React and TypeScript. Passionate about UI/UX and performance optimization.

EXPERIENCE

Frontend Developer — Digital Agency ABC (2022 – Present)

- Developed reusable React components with TypeScript for a SaaS dashboard product.
- Implemented responsive layouts using Tailwind CSS and Bootstrap.
- Integrated REST APIs from backend teams using Axios and React Query.
- Improved Lighthouse performance score from 62 to 91 by optimizing bundle size with Webpack.

EDUCATION

B.Sc. Information Technology — HUST (2018 – 2022)

GPA: 3.2/4.0

PROJECTS

Portfolio Builder | React, TypeScript, Tailwind CSS, Next.js (2023)

- Built a drag-and-drop portfolio builder with live preview and export to PDF.
